

In association with the Northwest District Leadership Advancement Process

Pastor going out of town? Organist/worship team on vacation?
Simply looking for a refreshing perspective on Lutheran worship?

WORSHIP IN SONG

based on the Lutheran liturgy
Hymns and songs like you've never sung them before...

A live hour-long Sunday worship service
creatively using songs ancient and modern
in the tradition of Martin Luther's Folk Mass

with readings from Scripture and message from the works of Martin Luther

liturgy guided and accompanied by
Dr. Linda Borecki, DWS
Lutheran church musician and educator

Worship in Song is a complete worship service following the traditional Lutheran liturgy, using congregational song in all parts of the service: praise, thanksgiving, confession, Gospel, proclamation, Creed, petition, and benediction. Historical stories of worship elements and musical arrangements will deepen and enliven your congregation's worship, traditional or contemporary.

Reinforced with readings from scripture and the writings of Martin Luther, this service requires only the liturgical leadership of Dr. Borecki and assistance from a lay leader in your congregation – perfect for a Sunday when your regular worship leaders will be absent or need a break from service preparation. Travel expenses and a free-will offering support Dr. Borecki and the LAP program.
