

The Background

CONCORDIA UNIVERSITY SCHOOL OF LAW | BOISE, IDAHO

OUR MISSION: *Concordia is a Christian university preparing leaders for the transformation of society.*

This mission is what makes Concordia different and what will distinguish the graduates of our School of Law. These graduates will contribute to making Boise an even better place to live, work, and raise a family.

For more than a century, we've graduated students who are both academically prepared and strive to make a positive difference in their communities. We seek students and graduates committed to the highest levels of ethical conduct and to the deepest sense of building a better world.

- » Preparing leaders and lawyers with a commitment to the letter and spirit of the law is consistent with Concordia's mission and values.
- » There is no law school currently within the Concordia University System of ten higher education institutions across the nation.
- » Forbes Magazine has consistently ranked Boise as one of the top ten metropolitan areas in the nation for starting a business or career.
- » The Treasure Valley is one of the four largest Metropolitan Service Areas without an ABA-approved law school within 100 miles.
- » Currently, there is only one other law school in the State, yet it is 300 miles away from Boise; nearly half of the state's lawyers and the state supreme court are in Boise.

Together, we'll plant the seeds for a lasting legacy to further distinguish the Boise/Treasure Valley community as one of the best cities and regions in the American West.
