

LEST Cheerleading and Dance-Drill Competition Night Rules

1. Participants must sit in their assigned areas only. Coaches must sit with their teams. No team members will be allowed in the bleachers. The bleachers are reserved for fans and families. We ask that spectators do not bring gym bags, etc., into the gym because they take up valuable seating space. Spectators should move to the center of the seating section, filling in all seats so everyone can have a place to sit. Arrive early enough to find a seat before we begin. Saving of seats will not be allowed. Please follow these rules so we may begin on time.
2. No one may enter or exit the gym while a team is performing. The doors will be closed during performances. Please follow the monitor's directions quickly.
3. Spectators must not stand or sit in the doorways or on the floor. Please find a seat in the bleachers as soon as possible.
4. No one is allowed in the judge's area except the judges, clerks, and event officials. Please do not impede the judges' view in any way. Those spectators sitting in the seats directly in front of the judges should not whistle, scream, or stand.
5. Crowd participation is a large part of the cheerleaders score. Please encourage **every** team with your participation.
