- ✓ = course completed
- W = requirement waived
- \* = met through transfer agreement
- + = course req met; does not fulfill upper division req

Elective Requirements	Units remaining
A minimum of 124 semester hours are required to graduate. Enough Elective hours must be taken to meet this requirement.	

HUM 351 (The Global Village and the Challenge of Diversity) and REL 401 (Faith for Life) are courses that must be completed at Concordia, either the summer before the program or the summer following the first year.

Students should be aware of the prerequisite courses needed for their major courses. In many cases these prerequisites should be taken to satisfy the General Education requirements, especially in the Math and Science areas. Please refer to the catalog for full explanation of requirements.
