

Dear Concordia Student,

I would like to start by introducing myself and welcoming you to Concordia University. My name is Donna-Jean Bernadelli, RN, BSN, and I am the Director of Student Health Services and the Campus Nurse here at Concordia University. I bring to the university over 30 years of health care experience, primarily in emergency medicine, intensive care, and pediatrics. I am looking forward to caring for your health care needs while you are here at Concordia. I strive to provide a comfortable and private place for students to seek health care and to help teach and mentor you towards a healthy lifestyle while enjoying college life.

**PLEASE READ BELOW FOR REQUIRED HEALTH FORMS TO ATTEND THE UNIVERSITY**

Concordia University has implemented an electronic health record. Included in the health record are two very important forms that **MUST** be filled out prior to attending the university. These two forms are your **Health History** and **Certificate of Immunization** forms. Filling out these forms online allows a health record to be created for you and populated with your vital health information. Once submitted, your forms are in our secured electronic medical record system.

Please note: **Do not** submit forms if you you will be obtaining your degree or certificate entirely online.

The two forms only take a few minutes to complete and do not require a visit to a health care provider.

**You WILL NEED** a copy of your immunizations to fill out the Certificate of Immunization. This may be obtained through your doctor or medical clinic. Your school records and/or many medical providers now have electronic medical records and allow you to obtain a copy of your vaccinations.

Oregon Immunization Law **mandates** that all full-time students, born on or after January 1, 1957, provide the university with measles (Rubeola) documentation. International students with a non-immigrant visa must have proof of vaccination to Rubeola prior to attending class.

Your online forms are located here: [Health History Form](#)

[Certificate of Immunization Form](#)

Thank you for your prompt attention to this important part of your health care while attending Concordia University. Please remember to bring a copy of your health insurance card with you to school or take a picture of your insurance card (front and back) on your smart phone.

Sincerely,

Donna-Jean Bernadelli, RN, BSN  
Director of Student Health Services and Campus Nurse
